

PREFACE

"The International Educational Technology Conference (IETC)" is an international educational activity for academics, teachers and educators. IETC promotes development and dissemination of theoretical knowledge, conceptual research, and professional knowledge through conference activities, journals (TOJET, TOJNED and TOJDEL) and proceeding books such as *PROCEDIA* Social and Behavioral Sciences. Its focus is on sharing, creating and disseminating knowledge among academicians, school administrators and teachers about the use of instructional technology for learning and teaching in educational field. This conference is now a well-known educational technology event worldwide and the number of paper submissions and attendees are increasing every year.

14th International Educational Technology Conference (IETC) was held between September 03-05 2014 in Chicago, USA and has received more than 400 participants. After a review process, 150 full papers in various fields of education technology have been accepted for publication in *PROCEDIA* Social and Behavioral Sciences, 2014.

We would like to thank all participants who presented their academic works in Chicago, USA and especially to those who spent their valuable time and prepared their full papers according to *Procedia* guidelines for the share of academics and teachers in different parts of the world. We are grateful for their contributions for disseminating academic research and classroom practices. We would like also thank to *PROCEDIA* Social and Behavioral Sciences for their open access publishing of IETC, Chicago 2014 Conference papers.
